

Seed and Fertilizer Appeal 2024

We are now beginning to prepare our fields for planting in Zambia.

Would you be able to help us provide resources for the most vulnerable families in our project?

Seed = £7 per family

Fertilizer = £30 per family

Donate online at:

www.arisekapumpe.com

We would like to help **more** families with a little support **this year**. We hope everyone will have **some food** to begin next year.
